

I support media diversity

I am writing to you today to comment on Docket No. 02-277, The Biennial Review of the FCC's broadcast media ownership rules.

I am opposed to the increased monopolization of the media under the proposed rules. I am in favor of increased opportunities for microbroadcasting for all forms of media. I am in favor of increased broadcasting opportunities for points of view across the political and intellectual spectrum. The proposed rules will do the opposite by strengthening the concentration of the few media giants.

Thomas Jefferson understood that in order to have vibrant democracy we must have an informed electorate. Please vote in favor of democracy and against monopoly.

Thank you,
